QUALITY AND DISTINCTION

DAHLIADEL NURSERIES

WARREN W. MAYTROT

VINELAND, NEW JERSEY

TO THE TRADE:

We are justly proud of our offerings for 1924, for our stock is excelled by none. We have not only tried out and added a number of the novelties, but have one of the finest assortments of popular high-class standard varieties at a moderate price.

The past season we have grown about 225,000 hills of dahlias, over one-third of which were produced by greenhouse propagation, enabling us to offer a number of the new cut flower and exhibition varieties.

Our roots are all field grown from healthy stock. Dahlias propagated under proper greenhouse conditions, and then grown with field culture, plenty of room, and without forced feeding, are of the highest vitality, and the freest from disease, providing the stock used for propagating is field selected and the cuttings properly chosen. Proper propagation never has injured a dahlia and never will. Our stock has never been forced, and is grown in South Jersey, the ideal spot for dahlias. Prove the worth of DAHLIAS OF QUALITY AND DISTINCTION by growing them. Satisfaction guaranteed.

We will gladly recommend suitable varieties for your needs. Kindly specify general type of soil, and whether for cut flower or exhibition uses.

TERMS

CASH WITH ORDER. 25% Cash required on advance orders. 10% Discount allowed on orders of \$100.00 or over paid in full before shipment.
